TRANSFER OF VIDEO TO DVD – PRICES & INFORMATION – April 2011

PRICES

Additional DVD copies cost just £3 each

Tapes up to 60 minutes long: £15.00 per tape
Tapes up to 90 minutes long: £18.00 per tape
Tapes up to 120 minutes long: £20.00 per tape
Tapes up to 180 minutes long: £25.00 per tape
Tapes up to 240 minutes long: £35.00 per tape

Important information

The above durations are based on the length of the recording on the tape, not the tape's designated length. For example, a 60 minute recording on a 3 hour (180 min) tape will cost £15 not £25.

We handle the following formats: DVCAM, MiniDV, Hi8, Video8, VHS (full size) VHS-C (compact size)

We cannot transfer videos containing feature films and TV shows or similar commercial recordings, nor can we accept tapes that are in any way damaged or contain mould.

DVD recording quality

Although we can transfer up to 5 hours of video onto one DVD, we would not recommend more than 3 hours as the picture quality can be considerably reduced. If you want the best possible quality, then 60 minutes per DVD would be the maximum. At this setting, the picture quality on the DVD will be very similar to the original tape. A tape can be split over several DVDs if necessary.

EDITING SERVICE

Tapes are normally copied to DVD without any editing or alteration, however we do offer an optional editing service where we can remove unwanted scenes, add music, titles and various effects, brighten underexposed shots and a whole lot more. To do this, your tape(s) are copied to computer leaving your original tape completely unaltered. Please contact us for more information and prices.

DVDs for use in USA, Canada and Japan

The DVDs we make are recorded in the UK's PAL TV standard, so in some cases they will not be playable in the above countries as they have a different TV standard to ours called NTSC. However, we can make DVD NTSC copies of your tapes at an additional cost, so please contact us for details.

Delivery & collection

You can either post your tapes to us, or deliver them in person. If posting, we strongly recommend using either Recorded or Special Delivery. If delivering, please call to make an appointment first. Your completed job can either be collected or posted. Prices do not include return postage and packing.

Payment

We accept cash, cheques and online banking payments or you can pay directly into our account by visiting any branch of Barclays. We do not currently accept credit or debit cards. Please do not send cash through the post. Cheques will require five working days to clear. A deposit will be required and the balance will be payable upon completion. Once we have checked the duration of your tape(s) we will contact you with the total cost for the work.

All prices are subject to change without notice. Please phone or email for a specific quote.

If you have any questions, then please don't hesitate to contact us – we're here to help.
